How I did it?

IIT's are the most prestigious engineering colleges in India. My father being an engineer and elder brother being an IITian, I always wanted to get into an IIT. My family always supported my decision but cracking JEE (ADVANCED) needs special guidance which I got through FIITJEE's Ranker's Study Material (RSM) and All India Test Series (AITS). I enrolled in the above correspondence programs on the recommendation of my brother, in class 11th. With the help of this correspondence program, I also got AIR 36 in KVPY (SA) and qualified for OCSC (Physics) in class 11th as well as class 12th. I will always remain grateful to FIITJEE for guiding me to success.

ARPIT CHAUHAN
AIR 87 (JEE ADVANCED)
AIR 163 (JEE MAINS)
