

## Toppers Speak ...

### How I did it?

I had heard of FIITJEE AITS from some of my school friends. Initially, I enrolled for JEE(Main) January AITS, but the boost it gave me in terms of confidence, time management, stress control during the exam and getting comfortable with the CBT environment, that helped me secure AIR 254 in JEE(Main), encouraged me to go further for JEE(Advanced) Mini Test Series. The tests thoroughly checked the conceptual understanding and promoted critical thinking, which is just what is required for JEE(Advanced).

I have also qualified KVPY(Sx) 2019 both stages, and have secured international rank 12 in IMO and 15 in NSO, in the final round.

I would thank FIITJEE for the support it provided, as it has surely played an important role in the success I have achieved.
