

How I Did It?

I am T Pratham and I secured AIR 550 (CRL) in JEE-Adv 2020. I had been enrolled in FIITJEE RSM course and it had been very helpful on my path to crack JEE-Adv. exam. The courses are well-balanced which makes all concepts crystal clear and the tests are well-designed to test all key concepts as well as bring out the weak areas. The AITS tests are at par with the actual JEE Adv. exam and the project rank for JEE Adv. given was close to my actual rank. The CSCP sessions were quite useful in clearing all doubts.

Overall, I would like to thank FIITJEE for helping me and for my success. For all future JEE aspirants, choosing FIITJEE is a no brainer decision.

T. Pratham
