How I did it?

I secured AIR 99 in JEE Advanced 2020. I had bought and used FIITJEE's Grand Masters Package (GMP) for my preparation of JEE Advanced. GMP had helped me significantly in revising and polishing my concepts. It also served as a great source of good quality, unique, relevant, JEE-level questions, which are usually hard to find in other books. Completing all the three books in the GMP (one for each subject), boosted my confidence and preparation a lot. All in ~~the~~ all, the GMP proved to be a boon for me.
