

Toppers Speak ...

How I did it?

I, Karan Godara joined FIITJEE's AITS, to enhance my preparation.

The quality of questions were very good and aimed to cover the JEE syllabus quite beautifully.

The peer group in those tests can't be found anywhere else. The interactive sessions conducted every week to dissect the question paper of that week provided us a way to resolve all my queries and cleared any conceptual doubts that may have been troubling us.

Overall, there is no other Test series which can even come close to providing standards that FIITJEE does.

I would recommend any fellow juniors aiming for JEE, to go with FIITJEE without any hesitation.

KARAN GODARA
