

Toppers Speak ...

How I did it?

I am Siddharth Kaushik. I secured AIR 1563 in JEE Mains and AIR 319 in the JEE Advanced exam. I had enrolled in the 1 year All India Test Series (AITS) by FIITJEE.

I live in Dubai where not many students prepare for the JEE Advanced Exam, hence I had never gotten a feel of the actual competition of the exam. FIITJEE's AITS helped in getting to know my level of preparation as compared to the students in India and where I stood at a national level. The questions in these tests were very thorough and multi-conceptual which helped me in revising and practicing concepts of all the chapters in a single test itself. These tests also helped in improving my problem-solving speed and get a good plan of attempting the paper which helped me keep a cool head during the exam.

The FIITJEE AITS played a huge role in my JEE preparation and is a must for any serious JEE aspirant.
