

Toppers Speak ...

How I did it?

I, R. S. Sampreeth, joined FIITJEE correspondence course in 2021 when I was in class 12th. I came to know about FIITJEE through newspapers & some of my friends. I was really inspired by their success in JEE coaching. They give their students a lot of personal attention.

Personally, I found their All India Test Series (AITS) very beneficial as the questions were of high calibre & it gave a very close experience of actual exam. The analysis provided helped me identify my weak points & touch up my topics. CSCP really helped me in clarifying my concepts.

With help of FIITJEE, apart from IITJEE, I also cracked KVPY, BITSAT and secured 88 rank in K-CET. I am thankful to FIITJEE for supporting me through my JEE preparation & strongly recommend AITS to all JEE aspirants.
