

## Toppers Speak ...

### How I did it?

My name is Sriram Balasubramanian. I have got AIR-4 in JEE Mains and AIR-92 in JEE Advanced.

I started reading the NCERT textbooks of XI and XII in the summer break after X std on my own. This helped me understand the topics as they were being taught in the class easily.

Throughout my journey of preparing for IIT-JEE, I was constantly solving problems, which helped me strengthen my concepts, as well as develop good speed and accuracy. I also revised my chemistry notes regularly to retain the what I learned.

I also ensured that I got minimum 7 hours sleep everyday, and also had entertainment regularly.

I thank FIITJEE for providing RSM and concept clearing sessions. I would recommend FIITJEE RSM for every IIT-JEE aspirant.

B. Sriram
